

Gone Soft Box

<p>Atomic Soft Plastic 2" Fat Grub - Brown Crawdad</p>		<p>Colours: Brown Crawdad, Avocado, Motor Oil Gold, Old Penny The Fat Grub is irresistible bait for many species. So successful is the two inch size that if you had to choose one soft plastic to go fishing with, this would be it. The over-sized curl tail provides enticing action even on the slowest of retrieves and works extremely well when jigged vertically. Regardless of rigging used, this bait is always best fished very slowly, and often gets the bite when all else fails.</p>
<p>Atomic soft plastic paddle tails</p>		<p>With its variable action paddle tail this bait can be fished at a variety of retrieve speeds. This imitation minnow bait is ideal for a wide range of species in both Freshwater and Saltwater and can be rigged in a multitude of ways. Particularly effective on bass, the paddle tails soft plastic construction results in action at any speed. These lures can be rigged in a variety of ways from standard, weighted jig heads to spinnerbaits</p>
<p>Berkley powerbait 3" power minnow bloodworm</p>		<p>Exclusive PowerBait scent and flavour, realistic natural colour, deadly dropshot minnow shape, great all round plastic</p>
<p>Boom Baits Spider Prawn 40mm Peral Brown Soft Plastic</p>		<p>10X super stretch material that is designed to create the perfect action. The Spider Prawn adds to the range with its unique shape of a prawn aided by soft legs that create a slow flutter action on the drop and are enhanced by an even softer tentacle that lashes and curls on the retrieve enticing the most elusive of species.</p>
<p>Fish Arrow Flash-J Huddle 2" Huddle Tail Green Pumpkin / Silver colour</p>		<p>The Flash J Huddle utilises a tail design that is often used on hardbody swimbaits. This design allows it to easily move with minimum effort or current. The Flash J Huddle also utilises an aluminium foil insert to replicate the flashes of minnow and excite predatory species. This insert also duplicates the "bowing" of a bait fish's backbone to give off a more lifelike darting action.</p>
<p>Gulp Jigging Shrimp 80mm Moebi</p>		<p>Shrimp Profile with curl tail action delivering a dynamic flutter on the drop. The 3 inch is deadly on all things estuary such as flathead and bream</p>
<p>Mister twister curly tail 2" motor oil</p>		<p>Mister twister curly tail 2" motor oil soft plastic. Small SP for finiky bream</p>
<p>Prolure Fishtail 130mm Mangrove Gold</p>		<p>Ideal for targeting Mulloway, Kingfish, Large Flathead</p>

<p>Prolure grubtail 60mm Motoroil</p>	 <p>Motor Oil</p>	<p>Realistic soft plastic, length 60mm, colour motoroil, lift and settle, a light spin rig, braid, with 4 to 8lb clear leader.</p>
<p>Prolure Live Yabbie 60mm Bloodworm</p>	 <p>BLOODWORM</p>	<p>Realistic, yabbie profile soft plastic, length 60mm, colour bloodworm, lift and settle, mimicking the true movements of a real yabbie, a light spin rig, braid, with 4 to 8lb clear leader.</p>
<p>Prolure Paddle Grub 65mm Mange</p>		<p>Realistic soft plastic, length 60mm, colour motoroil, lift and settle, a light spin rig, braid, with 4 to 8lb clear leader.</p>
<p>Samaki Vibelicious Thumpertail - Clear UV Mullet</p>		<p>Thumpertail, Sinking, Length: 70mm, Weight: 11g. Action is aggressive yet slow, enabling it to mimic a baitfish perfectly but in a slower motion all whilst holding its position in the strike zone for a longer period</p>
<p>Samaki Vibelicious Thumpertail - Whitebait</p>		<p>Thumpertail, Sinking, Length: 125mm, Weight: 30.5g. Action is aggressive yet slow, enabling it to mimic a baitfish perfectly but in a slower motion all whilst holding its position in the strike zone for a longer period</p>
<p>Savage Gear TPE Crab</p>		<p>3D scan technology provides realistic detail, Durable TPE construction, Use with specially designed standup jighead (included)</p>
<p>Slider 1 1/2" Crappie Grub Devils Delight</p>		<p>Soft grub body with a vibra-tail. The tail moves while the grub is swimming. The grub can be used on all the sizes of the Crappie Slider Heads. Also it can be used with other jig heads. This grub has been proven to catch fish while casting, trolling, or vertical jigging. This is an original design by Charlie Brewer from the mid 1970s and has proven to be a very good lure for Crappie and PanFish. A lot of Bass have been caught on this lure too. There are 18 grubs per pack.</p>
<p>Slider 1" Crappie Grub Green Pumpkin</p>		<p>Soft grub body with a vibra-tail. The tail moves while the grub is swimming. The grub can be used on all the sizes of the Crappie Slider Heads.
