

Matt's Lure Log with the lot

<p>Atomic Hardz Crank 38 deep diver - purple shadow HC38D-PS</p>		<p>Depth: 1 - 2m. Buoyancy: Floating. Size: 38mm, Weight: 4.0g, Action: Wide Wobbling & Rolling. Atomic Bream Crank Double Deep features an all new profile designed to attract the wariest of fish holding around deep structure. An oversize bib which is super strong and able to handle the pressure of repetitive casting. Capable of almost two metres depth, the double deep still maintains a wide wobble and roll action.</p>
<p>Atomic Shad 40 Deep Diver NO.005 Ghost Gill Brown HBS40D-GGB</p>		<p>Depth: 0.8-1m. Floatation: Suspending. Length:40mm. Weight: 2.7g. Action: tight wobble & roll. Deep swims similar to Bream Shad Mid, but is capable of diving half a meter further. Narrower silent profile to attract hard to temp fish or fish feeding on smaller profile baits. Crank it down to the desired working depth and retrieved with a slow steady wind or briefly pause to tempt wary feeders. Perfect in the estuary for bream.</p>
<p>Atomic Shad 40 Deep Diver NO.015 Purple Shadow HBS40D-PS</p>		<p>Depth: 0.8-1m. Floatation: Suspending. Length:40mm. Weight: 2.7g. Action: tight wobble & roll. Deep swims similar to Bream Shad Mid, but is capable of diving half a meter further. Narrower silent profile to attract hard to temp fish or fish feeding on smaller profile baits. Crank it down to the desired working depth and retrieved with a slow steady wind or briefly pause to tempt wary feeders. Perfect in the estuary for bream.</p>
<p>Atomic Shiner 45 Deep Diver NO.002 Matte Ayu</p>		<p>Suspending, 45mm, 3.3g, Tight Wobble, 0.6m-1.2m deep. It has a tight wobble and will compliment the other estuary lures already in the Atomic Hardz range. The smallest of the range at 45mm is perfect for bream and bass in estuaries.</p>
<p>Atomic Soft Plastic 2" Fat Grub - Brown Crawdad</p>		<p>Colours: Brown Crawdad, Avocado, Motor Oil Gold, Old Penny The Fat Grub is irresistible bait for many species. So successful is the two inch size that if you had to choose one soft plastic to go fishing with, this would be it. The over-sized curl tail provides enticing action even on the slowest of retrieves and works extremely well when jigged vertically. Regardless of rigging used, this bait is always best fished very slowly, and often gets the bite when all else fails.</p>
<p>Atomic soft plastic paddle tails</p>		<p>With its variable action paddle tail this bait can be fished at a variety of retrieve speeds. This imitation minnow bait is ideal for a wide range of species in both Freshwater and Saltwater and can be rigged in a multitude of ways. Particularly effective on bass, the paddle tails soft plastic construction results in action at any speed. These lures can be rigged in a variety of ways from standard, weighted jig heads to spinnerbaits</p>
<p>Austackle Sakana SD40F - Black Night</p>		<p>Length: 40mm, Weight: 5 grams, The classic shallow crankbait. Sporting the same stable action and fat tail shake as the deeper Sakanas, with a diving limit of 0.9m. A great choice for weed flats, or along the top of structure like sunken racks, rubble and reef. UV colours and solid rattle make this lure hard to miss.</p>
<p>Austackle Sakana SD40F - Green Goblin</p>		<p>Length: 40mm, Weight: 5 grams, The classic shallow crankbait. Sporting the same stable action and fat tail shake as the deeper Sakanas, with a diving limit of 0.9m. A great choice for weed flats, or along the top of structure like sunken racks, rubble and reef. UV colours and solid rattle make this lure hard to miss.</p>

<p>Austackle Vexa Vibr Cockle Green</p>		<p>Weight: 5gm, Instant vibration with minimal rod movement. Loud, low frequency sonic vibration triggers a reaction, even from inactive fish, UV paint features on every lure, Lumo eyes on selected lures</p>
<p>Berkley - 3B Fat Dog - Cerberus</p>		<p>Floating, Shallow diving, 38mm, 4g, depth: 0.5m, hook Size #14</p>
<p>Berkley powerbait 3" power minnow bloodworm</p>		<p>Exclusive PowerBait scent and flavour, realistic natural colour, deadly dropshot minnow shape, great all round plastic</p>
<p>Boom Baits Spider Prawn 40mm Peral Brown Soft Plastic</p>		<p>10X super stretch material that is designed to create the perfect action. The Spider Prawn adds to the range with its unique shape of a prawn aided by soft legs that create a slow flutter action on the drop and are enhanced by an even softer tentacle that lashes and curls on the retrieve enticing the most elusive of species.</p>
<p>Cranka Crab – Cockle Crab</p>		<p>Designed specifically for bream but as anglers are quickly finding out it is deadly on a wide range of different estuarine species. This lure features realistic floating foam claws that float up above the crabs head in the water waving around just like a real "defensive" crab. Other features of this lure include realistic soft plastic legs, tungsten base plate which comes in 2 different weights one light (3.9 grams) and one heavy (5.9 grams)</p>
<p>Cranka Crab – Glow Black 3.9g</p>		<p>Designed specifically for bream but as anglers are quickly finding out it is deadly on a wide range of different estuarine species. This lure features realistic floating foam claws that float up above the crabs head in the water waving around just like a real "defensive" crab. Other features of this lure include realistic soft plastic legs, tungsten base plate which comes in 2 different weights one light (3.9 grams) and one heavy (5.9 grams)</p>
<p>Daiwa Presso Rollin Crank Jr Black Sniper</p>		<p>Depth: 1m. Length: 27mm. Weight: 2g, The Junior produces a high vibration and tight action crash diving down to a metre quickly. Designed and tuned for maximum casting performance, swimming deeper and easier than most lures of the same size.</p>
<p>Ecogear CX 35HS Colour: 373</p>		<p>Depth: 2m. Length: 35mm, Weight: 3.4g, Action: tight shimmy. A balanced design allows the angler to perform many different techniques with its enticing action and rattle combination. The body design gives the angler the ability to prolong the duration of the retrieve at the required depth.</p>
<p>Ecogear PX 45F 392</p>		<p>Depth: floating, Length: 4.5cm, Weight: 2.5g, Code: 7652, Colour No: 392</p>

Ecogear SX 40 303		Depth: 1m. Buoyancy: suspending. Length: 40mm, Weight: 2.5g, Action: tight shimmy, Big brothers: SX 43F / SX 48F / SX 60F"
Ecogear SX 40 306		Depth: 1m. Buoyancy: suspending. Length: 40mm, Weight: 2.5g, Action: tight shimmy, Big brothers: SX 43F / SX 48F / SX 60F"
Ecogear SX 40 348		Depth: 1m. Buoyancy: suspending. Length: 40mm, Weight: 2.5g, Action: tight shimmy, Big brothers: SX 43F / SX 48F / SX 60F"
Ecogear VX40 435 blade		Target Species: Bream, Lure Type: sinking vibration bait, Body Shape: bait fish shape blade lure, Weight: 3.5g /5g, Length: 35mm / 40mm, Colour: 435, Depth Range: any depth range, Action: vibrating blade style lure
Ecogear VX40 439 blade		Target Species: Bream, Lure Type: sinking vibration bait, Body Shape: bait fish shape blade lure, Weight: 5g, Length: 35mm / 40mm, Colour: 445, Depth Range: any depth range, Action: vibrating blade style lure
Ecogear VX40 445 blade		Target Species: Bream, Lure Type: sinking vibration bait, Body Shape: bait fish shape blade lure, Weight: 5g, Length: 35mm / 40mm, Colour: 445, Depth Range: any depth range, Action: vibrating blade style lure
Ecogear ZX30 shrimp blade 416		Length: 30mm, Weight: 3.5g, Action: Sinking/Vibration. The totally NEW Ecogear ZX range of 'shrimp blades' has been designed by world renowned lure designer Takayoshi Orimoto with influence from the Australian Ecogear Pro Staff Team. Their design combination allows the angler the upmost strength, control, action, appeal and hook set ability when targeting a vast array of structures and depth ranges.
Ecogear ZX30 shrimp blade 414		Length: 30mm, Weight: 3.5g, Action: Sinking/Vibration. The totally NEW Ecogear ZX range of 'shrimp blades' has been designed by world renowned lure designer Takayoshi Orimoto with influence from the Australian Ecogear Pro Staff Team. Their design combination allows the angler the upmost strength, control, action, appeal and hook set ability when targeting a vast array of structures and depth ranges.
Fish Arrow Flash- J Huddle 2" Huddle Tail Green Pumpkin / Silver colour		The Flash J Huddle utilises a tail design that is often used on hardbody swimbaits. This design allows it to easily move with minimum effort or current. The Flash J Huddle also utilises an aluminium foil insert to replicate the flashes of minnow and excite predatory species. This insert also duplicates the "bowing" of a bait fish's backbone to give off a more lifelike darting action.

<p>Gladiator Bingo Mini Crank deep 30mm #13</p>	<p>Colour 13</p> 	<p>Depth: 2m, Floating, Length: 30mm, Weight: 2.9g</p>
<p>Gulp Jigging Shrimp 80mm Moebi</p>		<p>Shrimp Profile with curl tail action delivering a dynamic flutter on the drop. The 3 inch is deadly on all things estuary such as flathead and bream</p>
<p>Jackall Chubby 38F Brown Suji Shrimp</p>		<p>Chubby's have a tight, wide action that screams for attention. Whether you want to slow roll them over weed beds or stab and dart them among structure, Chubby's will convert lookers into scorers.</p>
<p>Jackall chubby vibe 40 - HL Silver & Black</p>		<p>Depth: sinking. Buoyancy: sinking. Length: 40mm, weight: 4.8g. At a size that appeals to a wide range of estuary and freshwater species, Chubby's have a tight, wide action that screams for attention. Whether you want to slow roll them over weed beds or stab and dart them among structure, Chubby's will convert lookers into scorers.</p>
<p>Jackall Lipless Crank Bait Lure Ghost Black Red Belly 50mm</p>		<p>Depth: sinking. Length: 50mm. Weight: 10g. Weighted and ballanced to swim at the slowest speeds for those really tough days when the fish are shut down.They cast super long distances with ease so you can spend more time in the water where the fish are. Suitable for Bream, Flathead, bass, and a host of other species.</p>
<p>Kokoda Sprog Shallow Runner OG-T</p>		<p>Depth 1m. Length: 45mm, Weight: 5g. Action: tight shimmy, 3d epoxy eye, holographic colours, similar to Ecogear's SX40F, Great for bass, bream, perch, trout</p>
<p>Lucky Craft Pointer 48 DD SP Fantasy Moss</p>		<p>Depth 6-7 ft.The Pointer's large body produces a unique action when it is strongly jerked. Unlike the Staysee, which is subtler and hides its presence, this lure appeals strongly to them and throws them into a state of confusion and is the number one power bait in the Lucky Craft family.</p>
<p>Lucky Craft Pointer lure 48DD-SP Ghost Brown</p>		<p>Depth 6-7 ft.The Pointer's large body produces a unique action when it is strongly jerked. Unlike the Staysee, which is subtler and hides its presence, this lure appeals strongly to them and throws them into a state of confusion and is the number one power bait in the Lucky Craft family.</p>
<p>Lucky Craft sammy lure 55mm 323 impact shrimp</p>		<p>Depth: surface. Buoyancy: floating. Size: 55mm, Weight: 4g, Action: surface, 'walk the dog'. The rounded body shape produces a smooth 'walk the dog' action with the water-spitting action of a popper and controls the dive when landing so spooky fish are not frightened off. A tail down posture when paused helps increase hook ups and gives the lure alot of action within a short distance.</p>

<p>Mister twister curly tail 2" motor oil</p>	 <p>20-Motor Oil</p>	<p>Mister twister curly tail 2" motor oil soft plastic. Small SP for finicky bream</p>
<p>Prolure D36 Crank - Ghost Shrimp</p>		<p>Depth 1.6 - 2.0m, Weight 4.1g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>
<p>Prolure D36 Crank - Matt Black</p>		<p>Depth 1.6 - 2.0m, Weight 4.1g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>
<p>Prolure D36 Crank - Tiger Shrimp</p>		<p>Depth 1.6 - 2.0m, Weight 4.1g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>
<p>Prolure Fishtail 130mm Mangrove Gold</p>		<p>Ideal for targeting Mulloway, Kingfish, Large Flathead</p>
<p>Prolure grubtail 60mm Motoroil</p>	 <p>Motor Oil</p>	<p>Realistic soft plastic, length 60mm, colour motoroil, lift and settle, a light spin rig, braid, with 4 to 8lb clear leader.</p>
<p>Prolure Live Yabbie 60mm Bloodworm</p>	 <p>BLOODWORM</p>	<p>Realistic, yabbie profile soft plastic, length 60mm, colour bloodworm, lift and settle, mimicking the true movements of a real yabbie, a light spin rig, braid, with 4 to 8lb clear leader.</p>
<p>Prolure Paddle Grub 65mm Mange</p>		<p>Realistic soft plastic, length 60mm, colour motoroil, lift and settle, a light spin rig, braid, with 4 to 8lb clear leader.</p>
<p>Prolure S36 Crank - Matt Black</p>		<p>Depth 0.4 - 1.2m, Weight 3.8g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>

<p>Prolure S36 Crank - Phantom</p>		<p>Depth 1.6 - 2.0m, Weight 4.1g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>
<p>Prolure S36 Crank - Tiger Shrimp</p>		<p>Depth 0.4 - 1.2m, Weight 3.8g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>
<p>Prolure S36 Crank - Violet Shrimp</p>		<p>Depth 0.4 - 1.2m, Weight 3.8g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>
<p>Prolure SF62 Pencil - Tiger Shrimp</p>		<p>Depth 0.4 - 1.2m, Weight 3.8g, Length 36mm, buoyancy: floating, Hook size: #14, The 36 Crank is brilliant around natural and artificial estuarine structures</p>
<p>Rebel - Teeny Pop-R P5054</p>		<p>Length: 2", Weight: 1/8 oz, Hooks: two #8 trebles The Teeny Pop-R produces the right amount of spit, pop and chug to attract strong strikes from even the most lethargic fish.</p>
<p>River2Sea bubble pop 35 - HC09_lge</p>		<p>A popular popper, with great castability and water spraying gill rakers. Target species: Bream, Bass, Trout, Whiting. Fitted with Owner hooks. Mimics a wounded bait fish. Fish attractant rattle. Premium finish & treble hooks.</p>
<p>River2sea bubble pop 45 S05</p>		<p>A popular popper, with great castability and water spraying gill rakers. Target species: Bream, Bass, Trout, Whiting. Fitted with Owner hooks. Mimics a wounded bait fish. Fish attractant rattle. Premium finish & treble hooks.</p>
<p>Samaki Vibelicious Thumpertail - Clear UV Mullet</p>		<p>Thumpertail, Sinking, Length: 70mm, Weight: 11g. Action is aggressive yet slow, enabling it to mimic a baitfish perfectly but in a slower motion all whilst holding its position in the strike zone for a longer period</p>
<p>Samaki Vibelicious Thumpertail - Whitebait</p>		<p>Thumpertail, Sinking, Length: 125mm, Weight: 30.5g. Action is aggressive yet slow, enabling it to mimic a baitfish perfectly but in a slower motion all whilst holding its position in the strike zone for a longer period</p>

Savage 3D prey hard body lure - colour - Ayu		Depth: 2-5ft. Buoyancy: suspending. Size: 50mm, Weight: xg, Action: savage 3D prey hard body lures, Steel ball long cast system, ABS body construction, BLN tournament trebles, Forged stainless steel split rings,
Savage Gear blade PLU:345038		Stainless steel blade, Lead alloy body, BLN tournament double hooks, Stainless steel snap
Savage Gear blade PLU:345045		Stainless steel blade, Lead alloy body, BLN tournament double hooks, Stainless steel snap
Savage Gear TPE Crab		3D scan technology provides realistic detail, Durable TPE construction, Use with specially designed standup jighead (included)
Slider 1 1/2" Crappie Grub Devils Delight		Soft grub body with a vibra-tail. The tail moves while the grub is swimming. The grub can be used on all the sizes of the Crappie Slider Heads. Also it can be used with other jig heads. This grub has been proven to catch fish while casting, trolling, or vertical jigging. This is an original design by Charlie Brewer from the mid 1970s and has proven to be a very good lure for Crappie and PanFish. A lot of Bass have been caught on this lure too. There are 18 grubs per pack.
Slider 1" Crappie Grub Green Pumpkin		Soft grub body with a vibra-tail. The tail moves while the grub is swimming. The grub can be used on all the sizes of the Crappie Slider Heads. Also it can be used with other jig heads. This grub has been proven to catch fish while casting, trolling, or vertical jigging. This is an original design by Charlie Brewer from the mid 1970s and has proven to be a very good lure for Crappie and PanFish. A lot of Bass have been caught on this lure too. There are 18 grubs per pack.
Squidgy Wiggler Bloodworm		Size: 65mm – 100mm Curled tail for an irresistible fast vibration. Available in a great range of highly productive colours exclusive to the Pro Range. Suitable for both fresh and saltwater species. Belly flaps to create both an irresistible sonic wave and also give the impression of legs. Includes Squidgies famous S Factor Scent
StarloPro Crusty Baby 30mm - DW012		Depth: shallow running. Buoyancy: floating. Size: 30mm, Action: Crusty Baby range consists of tiny, ultra-finesse diving plugs. These shallow running divers imitate crustaceans like crabs, shrimps and prawns, as well as small baitfish, and were especially designed to appeal to extra finicky bream in salt and brackish water. Will also catch whiting, flathead, redfin perch, trout, bass, sooty grunter, jungle perch.
StarloPro Crusty Baby 30mm - BE004		Depth: shallow running. Buoyancy: floating. Size: 30mm, Action: Crusty Baby range consists of tiny, ultra-finesse diving plugs. These shallow running divers imitate crustaceans like crabs, shrimps and prawns, as well as small baitfish, and were especially designed to appeal to extra finicky bream in salt and brackish water. Will also catch whiting, flathead, redfin perch, trout, bass, sooty grunter, jungle perch.

Strike Pro Astro Vibe 45/146	 <p>146OBE</p>	Length 4.5cm, Weight 9.6g, Sinking, A metal blade and a rattling vibe lure. The Astro Vibe incorporates a Polycarbonate Belly with small in-built rattles. It also allows for a transparent finish to be achieved in a metal blade and the belly section is UV for added attraction.
Strike Pro Pigmy II Red eye		Depth: 5ft. Buoyancy: suspending. Size: 40mm, Weight: 3g, Action: slow swaying. Strike Pro Pigmy fishing lures are a rounded Gudgeon style minnow profile fishing lure. Also known as Strike Pro Pigmy II. Discontinued colour.
Strike Pro Pigmy II 130VS		Depth: 5ft. Buoyancy: suspending. Size: 40mm, Weight: 3g, Action: slow swaying. Strike Pro Pigmy fishing lures are a rounded Gudgeon style minnow profile fishing lure. Also known as Strike Pro Pigmy II
Strike Pro Pigmy II JU001G		Depth: 5ft. Buoyancy: suspending. Size: 40mm, Weight: 3g, Action: slow swaying. Strike Pro Pigmy fishing lures are a rounded Gudgeon style minnow profile fishing lure. Also known as Strike Pro Pigmy II
Strike Pro Pigmy II 346G		Depth: 5ft. Buoyancy: suspending. Size: 40mm, Weight: 3g, Action: slow swaying. Strike Pro Pigmy fishing lures are a rounded Gudgeon style minnow profile fishing lure. Also known as Strike Pro Pigmy II
Strike pro shrimp 50 911GA		Depth: 2ft. Buoyancy: float / suspending. Size: 50mm, Weight: 3.2g, Action: A realistic Shrimp/Prawn imitation can be twitched on the surface or continuously wound will dive just under and suspend when paused. Fish love it! With a life like appearance that no fish can resist.
TT switchblade 1/2 2367 green back		Can be slowly retrieved over shallows or jigged through deep water or bounced around structure in a similar fashion to soft plastic fishing. The TT's Switchblade fishing lure has been a tournament winner and a major player on the Bream and Bass scenes. Almost anything in the estuary will bite down on the TT's Switchblade fishing lure even Big Mulloway!
TT switchblade 2324 red nightmare		Can be slowly retrieved over shallows or jigged through deep water or bounced around structure in a similar fashion to soft plastic fishing. The TT's Switchblade fishing lure has been a tournament winner and a major player on the Bream and Bass scenes. Almost anything in the estuary will bite down on the TT's Switchblade fishing lure even Big Mulloway!
Z-man GrubZ 9" - Motor Oil		Super thin tail produces an incredible action, even when presented on ultra-light jigheads. Ideal for targeting Mulloway, Barramundi, Snapper, Kingfish

Z-man GrubZ 9" - Shimmer Pearl		Super thin tail produces an incredible action, even when presented on ultra-light jigheads. Ideal for targeting Mulloway, Barramundi, Snapper, Kingfish
Z-man GrubZ soft plastic 2" bloodworm		Built from ElaZtech material, Zman plastics are 10x stronger than standard soft baits. Whether you're fishing freshwater, estuary, inshore or offshore, a Zman soft plastic rigged with a TT jighead is a deadly combination.
Z-man GrubZ soft plastic 2.5" Greasy Prawn		Built from ElaZtech material, Zman plastics are 10x stronger than standard soft baits. Whether you're fishing freshwater, estuary, inshore or offshore, a Zman soft plastic rigged with a TT jighead is a deadly combination.
Z-man GrubZ soft plastic 2.5" Motor Oil		Built from ElaZtech material, Zman plastics are 10x stronger than standard soft baits. Whether you're fishing freshwater, estuary, inshore or offshore, a Zman soft plastic rigged with a TT jighead is a deadly combination.
Z-man SwimmerZ 4" Pearl		Vibrant and lifelike laminate color schemes, natural scale pattern, and molded in eyes grab the attention of gamefish Split belly for easy rigging and hooksets
Z-man SwimmerZ 6" Open Night		Vibrant and lifelike laminate color schemes, natural scale pattern, and molded in eyes grab the attention of gamefish
